

SPONSORSHIP OPPORTUNITIES FOR THE COMPOST OPERATIONS TRAINING COURSE

Compost
Research &
Education Foundation

May 13 - 17, 2024
Grand Junction, CO

Get your company in front of professionals dedicated to the composting industry who are already investing time and money to attend this training!

This 5-day, 40-hour course features lectures, hands-on activities and field trips taught by leading composting professionals. With over 45 trainings conducted, the COTC program has an outstanding reputation, and courses in recent years have routinely **SOLD OUT!**

Designed for 35-40 attendees, the course attracts public and private compost facility managers, consultants, regulators, educators, marketing representatives, and those starting their own compost operation.
