Colorado Association for Recycling

Turning today's waste into tomorrow's resources.

About CAFR

Mission

The Colorado Association for Recycling (CAFR) is committed to advancing economic, political and social conditions that minimize waste and maximize resource reuse. We believe wise resource use is vital to the health of people, the environment and the economy.

Vision

It is the vision of CAFR to be recognized and respected for our expertise in the resource recycling industry, our political efficacy and our educational resources. We will utilize our expanding influence and position of leadership to inspire and unify the businesses and communities of Colorado to convert an ever-increasing percentage of our waste products into usable resources.

CAFR is the leading independent, nonprofit organization in Colorado that is actively working to promote and encourage recycling through programs designed to educate the public, local governments, businesses and Colorado's elected officials and through programs designed to provide technical assistance to those wishing to recycle. We pride ourselves in offering the following services to our members and to the state.

Standard Membership Services and Benefits

Networking

Membership in CAFR helps get you into the loop. CAFR is now the only state voice for recycling. CAFR provides you with the opportunity to stay up to date with your peers, local recycling trends, policy and national issues through our affiliation with the National Recycling Coalition (NRC).

CAFR is the state recycling organization representative for the NRC. CAFR members (excluding associate members) automatically receive membership in the National Recycling Coalition. Benefits of membership in NRC include:

- Discounted registration at the NRC's Annual Congress and Exposition – an exceptional national recycling conference
- NRC electronic newsletter "Mobius"
- Discounted subscription rates on industry journals
- Members-only access to valuable resources on the Web (www.nrc-recycle.org)
- and much more!

Annual Recycling Conference

The annual Colorado Summit for Recycling is the only state-wide recycling conference. As a member you receive discounted registration rates and the opportunity to participate in the planning of the conference. The Summit offers technical trainings, general recycling sessions and an excellent peer-networking opportunity.

Annual Meeting

This annual event is a networking meeting for association members to learn about what others are doing around the state and includes an annual update of the programs and services of CAFR.

About CAFR cont'd.

Quarterly Newsletter

The newsletter provides the latest information on CAFR programs and activities and can be used to highlight member accomplishments. It also contains information about what's going on in recycling locally and nationally.

America Recycles Day

This nationwide event promotes recycling and buying recycled products. It provides an opportunity for an impressive group of businesses, governments, nonprofits, schools and individuals to work together to raise awareness about closed-loop recycling.

Policy Committee

The committee tracks items of importance to the recycling community, educates and raises awareness of legislators and decision makers and works with other organizations to ensure that the voice of recycling is heard in Colorado.

Education and Outreach – One of CAFR's goals is to maximize our exposure. This includes reaching out to other businesses and institutions in the community and promoting the activities and accomplishments of CAFR and its members. Members are encouraged to participate by writing press releases about their organization, community or event and their involvement with CAFR. CAFR staff will coordinate the distribution of press releases and assist with media participation.

CAFR Councils – Members have the option of joining one of CAFR's councils for an additional membership fee. Each council focuses on a distinct aspect of recycling in the state.

- **Electronics Recycling and Reuse Council (ERRC)** – The ERRC seeks to improve communication between the electronics recycling industry, those interested in using its services, and relevant government agencies and departments and to enable CAFR to formulate policy positions on the subject of electronics recycling. The council is working toward the establishment of standards that could form the basis of an accreditation program for electronics recyclers in Colorado.
- **Rocky Mountain Organics Council (RMOC)** – The RMOC promotes sustainable utilization of organic resources in the communities we serve. We focus on the production of quality organic products, developing markets for those products and educating our customers in their proper use and application.

Membership Directory

And don't forget, this membership directory is one of your benefits, too!

Getting The Most Out of Your Membership

Actively participating in CAFR events and committees will mean that you get the most out of our membership. Attending our events and participating in a committee are the best ways to enjoy the services that CAFR has to offer. CAFR represents you, and to ensure that your voice is heard, you need to stay involved. We understand that this may be difficult for members in remote areas and that is the reason that CAFR is taking steps to improve communications using conference calling, e-mail and the internet.

Each of the previously mentioned benefits is sponsored by a CAFR committee that you may participate in!

About CAFR cont'd.

Membership Levels

CAFR Sponsor - \$3,250

- Free ½-page advertisement in the annual membership directory
- Listing in the annual membership directory
- Four free ¼-page advertisements in CAFR's quarterly newsletter (one each issue)
- Placement of your logo on CAFR's Web site (1 square inch) and a link to your site
- Given the first opportunity to sponsor events such as America Recycles Day and the annual Colorado Summit for Recycling
- Signs at CAFR events with your logo
- Standard member benefits

CAFR Supporter - \$1,600

- Free ¼-page advertisement in the annual membership directory
- Listing in annual membership directory
- One free ¼-page advertisement in CAFR's quarterly newsletter
- Listing of name on CAFR's Web site with a link to your site
- Signs at CAFR events with your logo
- Standard membership benefits

CAFR Friend - \$600

- Listing of name in one edition of quarterly newsletter
- Listing as a friend in the membership directory
- Listing of name on CAFR's Web site with a link to your site
- Signs at CAFR events with your name
- Standard membership benefits

Large Business Member (more than 15 employees) - \$300

- Listing in the membership directory and a cross-reference of business activities and services
- Standard membership benefits
