

Colorado EPR Needs Assessment Survey

Introduction

The Producer Responsibility Program for Statewide Recycling Act, House Bill 22-1355, was passed in 2022. This legislation requires companies that sell products in packaging and paper products to fund a statewide recycling system to recycle those materials. These companies formed an independent non-profit organization, Circular Action Alliance (CAA), which is a Producer Responsibility Organization to coordinate, fund, and manage this statewide recycling system.

For municipalities, this legislation provides new opportunities to expand local recycling services. The legislation explicitly requires “convenient and equitable access to recycling services for all readily recyclable materials at no charge to the covered entity.”

This survey is part of a Needs Assessment study which is required by the law and is meant to assess existing recycling programs and infrastructure in Colorado in order to identify opportunities for growth and improvements to the system. To do this, this survey will ask questions related to how services are currently being provided, the performance level of existing services, and the costs of providing these services, as well as where collected materials are currently going to be processed and where they’re ultimately ending up.

This survey may take up to several hours to complete as it may require your team to access data and reports. It is important that the information provided is as comprehensive and accurate as possible as this information will be used to develop a plan to implement a new statewide recycling program for packaging and paper products supported by producers that improves access and outcomes.

We appreciate the time and effort that is put into the process.

Timing

All submissions need to be completed by October 13, 2023. We do understand this is a tight timeline, but the data is needed in order for a proper analysis before the final report is required to be submitted by January 2024. More information on this work can be found on CDPHE’s website (<https://cdphe.colorado.gov/hm/epr-program>).

Colorado EPR Needs Assessment Survey

Data Confidentiality

All data provided will be treated confidentially. The data will be aggregated and only used for the requirements of the Needs Assessment for The Producer Responsibility Program for Statewide Recycling Act, House Bill 22-1355.

All cost and operational data will be consolidated in the final report to ensure the organization who submits data cannot be identified.

Please email EPRNeedsAssessment@eunomia-inc.com if you would like to put in place a non-disclosure agreement (NDA) before providing any data or if you have any questions.

How Data Will be Used

The data provided for this survey will be used to understand the existing landscape of waste services in Colorado which includes but is not limited to understanding best practices that could be expanded; gaps in servicing or infrastructure; and barriers and opportunities to expand the system. The information will help develop performance and cost estimates for potential different future EPR delivery scenarios across the state as well as informing how a new state-wide recycling system for packaging and paper products might be implemented.

Colorado EPR Needs Assessment Survey

Instructions for Completing this Survey

Please complete one survey per county, municipality, or unincorporated area.

If you are a county representative filling out this survey for multiple jurisdictions in your county, our preference is that one survey is completed for each municipality or unincorporated area. If this is not possible, please indicate which municipalities or unincorporated area(s) the survey response covers.

Additionally, if your jurisdiction coordinates with a private hauler, you are welcome to collaborate with the hauler in completing this survey.

Saving Your Responses

You may save your responses and return to finish the survey at a later time, but **only on the same device on which you started the survey** and **only if cookies are permitted on that device**. Importantly, responses will only be saved after you click on the "Next" button at the bottom of the page.

Colorado EPR Needs Assessment Survey

IMPORTANT!

Unless otherwise specified, the **recycling questions** in this survey are referring to the **packaging and paper products** covered by Colorado's EPR legislation. If it is helpful, you may want to think about the products typically collected in single-stream and dual-stream recycling programs when answering these questions.

Providing Additional Information

If any information you provide does not exactly align with the response categories provided in the survey, there are areas to provide comments and clarification at the end of each section.

If you would like to upload documents, please use the file upload feature available at the end of each section and indicate in comment boxes at the end of each section what has been uploaded and what information it contains. The upload feature only accepts one file and it can only be a PDF, DOC, or DOCX. If you have multiple files to upload or different file formats, please instead include them as attachments to an email to EPRNeedsAssessment@eunomia-inc.com.

Support

Information on drop-in sessions to support survey completion will be provided by email. Any questions on the survey can be directed to EPRNeedsAssessment@eunomia-inc.com.

Colorado EPR Needs Assessment Survey

SECTION 1: GENERAL INFORMATION

There are 6 questions in this section.

1. What type of area is this survey being completed for? Please note that for the remainder of the survey this area will be referred to as "jurisdiction".

- Municipality
- County
- Unincorporated Area
- Other (please specify)

2. Which jurisdiction is this survey being completed for?

As a reminder, our preference is that one survey is completed for each municipality or unincorporated area. If this is not possible, please indicate here which municipalities or unincorporated area(s) are included in your survey response.

3. Name of person completing the survey:

First name

Last name

4. Organization:

5. Job Title:

6. Contact e-mail:

Email address

Colorado EPR Needs Assessment Survey

SECTION 2: SERVICE DELIVERY

There are ~9 questions in this section.

IMPORTANT!

Unless otherwise specified, the recycling questions in this survey are referring to the **packaging and paper products** covered by Colorado's EPR legislation. If it is helpful, you may want to think about the products **typically collected in single-stream and dual-stream recycling programs** when answering the recycling questions.

7. How are recycling and trash services delivered in this jurisdiction? *Select all that apply.*

	Municipal delivered	Municipal contracted to third party service provider (no household choice of service provider)	Household subscription (Municipal approved list of service providers only)	Household subscription (open market of service providers)	Service not provided
Curbside Recycling	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Curbside Trash	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Curbside food waste (with or without yard waste)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Drop-off Recycling	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Drop-off Trash	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Drop-off food waste (with or without yard waste)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Please note that we may contact jurisdictions that directly deliver services to request an interview to seek to obtain more detailed operational data which will help model the cost of future recycling systems in Colorado.

8. What is the **minimum number of units** for multi-family properties to be categorized with commercial properties for waste management services? *For example, enter 8 if multi-family units of 8 or more are categorized with commercial properties and units of 7 or less are categorized with residential properties.*

9. Are **recycling** haulers required to register with the jurisdiction to operate?

- Yes
- No
- Unsure

10. Please provide the names of the **curbside recycling service providers** in the jurisdiction:

1	
2	
3	
4	
5	
6	
7	
8	
9	
10	

11. Please provide the names of the **drop off recycling service providers** in the jurisdiction:

1	
2	
3	
4	
5	
6	
7	
8	
9	
10	

12. Are **trash haulers** required to register with the jurisdiction to operate?

- Yes
- No
- Unsure

13. Please provide the names of the **curbside trash service providers** in the jurisdiction:

1	
2	
3	
4	
5	
6	
7	
8	
9	
10	

14. Please provide the names of the **curbside food waste (with or without yard waste) service providers** in the jurisdiction:

1	
2	
3	
4	
5	
6	
7	
8	
9	
10	

15. Please provide the names of the **drop off food waste (with or without yard waste) service providers** in the jurisdiction:

1

2

3

4

5

6

7

8

9

10

16. Is there any other information you would like to provide for this section relating to the description of service providers?

17. Is there information you would like to upload relating to the description of service providers? If you have more than one file to share you may email them to EPRNeedsAssessment@eunomia-inc.com.

Only PDF, DOC, DOCX files are supported. You may email documents in other formats to EPRNeedsAssessment@eunomia-inc.com.

Colorado EPR Needs Assessment Survey

SECTION 3: DESCRIPTION OF SERVICES

This section contains ~33 questions.

Section 3A: Curbside Recycling

REMINDER

Unless otherwise specified, the recycling questions in this survey are referring to the packaging and paper products covered by Colorado's EPR legislation. If it is helpful, you may want to think about the products typically collected in single-stream and dual-stream recycling programs when answering.

18. Are there any **legal requirements** related to **recycling collection** for any of the following types of locations? For example, is there a local ordinance that mandates residential recycling collection? *Select all that apply.*

- Residential Single-family
- Residential Multi-family
- Commercial Multi-family
- Hospitality
- Small businesses
- Schools
- Government Buildings
- Public Spaces
- None of the above

Definitions:

Public spaces include streets, sidewalks, plazas, and town squares; state-owned or locally owned parks, beaches, and forests; other state-owned or local government- owned land open for recreation or other public uses, and transportation facilities, including bus and train stations and airports.

Government buildings include public-facing government owned buildings that predominantly generate the same kinds and amounts of packaging and paper products as residential properties.

For this study, **small businesses** are those that generate less than approximately \$5 million in gross revenues and typically generate the same types and volumes of packaging and paper products as residential properties.

19. If checked yes for any of the above locations, please explain:

20. For each type of location, please estimate the **total number of accounts/units serviced by curbside recycling** or equivalent services (e.g., households, businesses, etc.). Enter "0" if none or not applicable.

Residential Single-family	<input type="text"/>
Residential Multi-family	<input type="text"/>
Commercial Multi-family	<input type="text"/>
Hospitality	<input type="text"/>
Small businesses	<input type="text"/>
Schools	<input type="text"/>
Government Buildings	<input type="text"/>
Public Spaces	<input type="text"/>

21. Are the accounts/units reported above collected only by municipal provided services, by private haulers, or by a combination? Please explain.

For the next questions, please think about the **most typical recycling** collection services offered in this jurisdiction.

22. What is the typical **recycling** collection method for each type of location? Please check only one option for each location type.

	Single stream	Dual stream - fiber and containers	Dual stream - glass and all other material	Multi stream	Cardboard only	Other (please provide details below)	Not applicable	Not sure
Residential Single-family	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Residential Multi-family	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Commercial Multi-family	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Hospitality	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Small Businesses	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Schools	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Government Buildings	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Public Spaces	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

If you selected "other," please provide details here:

23. What is the typical frequency of **curbside recycling** collection for each type of location? Please check only one option for each location type.

	Twice a week or more	Weekly	Biweekly	Monthly	Less than monthly	Other (please provide details below)	Not applicable	Not sure
Residential Single-family	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Residential Multi-family	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Commercial Multi-family	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

If you checked "other," please provide details here:

Colorado EPR Needs Assessment Survey

Section 3A: Curbside Recycling (Continued)

25. Are the following materials accepted for recycling by **at least one** curbside recycling collection service provider in this jurisdiction?

	Yes	No	Not sure
High-Grade Office Paper (uncoated)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Newspaper, Newsprint	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Magazines and Other Coated Paper (e.g., catalogs)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Telephone Directories	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Tissue Paper (packaging)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Shredded Paper (bagged)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Corrugated Containers (except wax coated)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other Multi-Layer Kraft Packaging (e.g., paper padded mailers)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Single-Wall Kraft Packaging (e.g., grocery bags)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Paperboard Boxes and Packaging	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Molded Pulp Packaging, excluding Food Serveware (e.g., egg cartons, other protective packaging)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Paper Cups, Coated and Uncoated	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Gable-Top and Aseptic Cartons	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Pizza Boxes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Non-Metalized Gift Wrap	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

"Low grade" Printing
and Writing Paper
(e.g., bulk mail,
envelopes,
notebooks, cards)

Old Corrugated
Containers (OCC) -
wax coated

Colorado EPR Needs Assessment Survey

SECTION 3A: Curbside Recycling (Continued)

26. If recycling is transferred before being sorted at a MRF, please provide the name and location of each **transfer facility** in this jurisdiction. *If recycling is not transferred, click "Next" to skip to the next page.*

Transfer facility 1

Transfer facility 2

Transfer facility 3

Transfer facility 4

Transfer facility 5

27. Please indicate the type of materials that are transferred by each transfer station you listed in the previous question. Please answer in the same order as the previous question so the response here for "Transfer facility 1" matches the name you provided for "Transfer facility 1" in the previous question. *Select all that apply.*

	Recycling	Trash	Food waste (with or without yard waste)
Transfer facility 1	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Transfer facility 2	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Transfer facility 3	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Transfer facility 4	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Transfer facility 5	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Colorado EPR Needs Assessment Survey

SECTION 3A: Curbside Recycling (Continued)

28. Please provide the facility name, location (e.g., city name), and operator name for **each MRF that sorts recycling** from your jurisdiction.

MRF 1

MRF 2

MRF 3

MRF 4

MRF 5

29. Please provide any other information regarding how materials from the jurisdiction are **transferred and sorted**.

Colorado EPR Needs Assessment Survey

Section 3B: Curbside Trash

30. Are there any **legal requirements** related to **trash collection** for any of the following types of locations? For example, is there an ordinance requiring trash collection be provided for residential properties? *Select all that apply.*

- Residential Single-family
- Residential Multi-family
- Commercial Multi-family
- Hospitality
- Small businesses
- Schools
- Government Buildings
- Public Spaces
- None of the above

Definitions:

Public spaces include streets, sidewalks, plazas, and town squares; state-owned or locally owned parks, beaches, and forests; other state-owned or local government- owned land open for recreation or other public uses, and transportation facilities, including bus and train stations and airports.

Government buildings include public-facing government owned buildings that predominantly generate the same kinds and amounts of packaging and paper products as residential properties.

For this study, **small businesses** are those that generate less than approximately \$5 million in gross revenues and typically generate the same types and volumes of packaging and paper products as residential properties.

31. If checked yes for any of the above locations, please explain:

32. For each type of location, please estimate the **total number of accounts/units** that receive the equivalent of **curbside services for trash** (e.g., household units, businesses, properties, etc.). Enter "0" if none or not applicable.

Residential Single-family	<input type="text"/>
Residential Multi-family	<input type="text"/>
Commercial Multi-family	<input type="text"/>
Hospitality	<input type="text"/>
Small businesses	<input type="text"/>
Schools	<input type="text"/>
Government Buildings	<input type="text"/>
Public Spaces	<input type="text"/>

33. Are the accounts/units reported above collected only by municipal provided services, by private haulers, or by a combination? Please explain.

36. Please describe any special considerations related to **trash collection** in this jurisdiction (e.g., seasonal properties).

37. Please provide the facility name, location (e.g., city name), and operator name for **waste disposal facility** taking materials from the jurisdiction.

Waste disposal facility
1

Waste disposal facility
2

Waste disposal facility
3

Waste disposal facility
4

Waste disposal facility
5

38. Please provide any other information you think might be useful regarding how **trash** is collected or disposed of in the jurisdiction.

Colorado EPR Needs Assessment Survey

SECTION 3C: Food Waste

39. Are there any **legal requirements** related to **food waste collection** for any of the following types of locations? For example, is there an ordinance requiring food waste collection from residential properties? *Select all that apply.*

- Residential Single-family
- Residential Multi-family
- Commercial Multi-family
- Hospitality
- Small businesses
- Schools
- Government Buildings
- Public Spaces
- None of the above

Definitions:

Public spaces include streets, sidewalks, plazas, and town squares; state-owned or locally owned parks, beaches, and forests; other state-owned or local government- owned land open for recreation or other public uses, and transportation facilities, including bus and train stations and airports.

Government buildings include public-facing government owned buildings that predominantly generate the same kinds and amounts of packaging and paper products as residential properties.

For this study, **small businesses** are those that generate less than approximately \$5 million in gross revenues and typically generate the same types and volumes of packaging and paper products as residential properties.

40. If checked yes for any of the above locations, please explain:

41. For each type of location, please estimate the **total number of accounts/units serviced** by a curbside or equivalent **food waste collection** (e.g., multi-family units, business locations, etc.). Enter "0" if none or not applicable.

Residential Single-family	<input type="text"/>
Residential Multi-family	<input type="text"/>
Commercial Multi-family	<input type="text"/>
Hospitality	<input type="text"/>
Small businesses	<input type="text"/>
Schools	<input type="text"/>
Government Buildings	<input type="text"/>
Public Spaces	<input type="text"/>

42. What is the **typical food waste collection method** for each type of location? Please check only one option for each location type.

	Residential Single-family	Residential Multi-family	Commercial Multi-family	Hospitality	Small Businesses	Schools	Government Buildings	Public Spaces
Curbside - Food waste only	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Curbside - Yard and food waste combined	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other (please provide details below)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Not applicable	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Not sure	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

If you selected other, please briefly describe method and the types of locations where it is used.

43. What is the typical frequency of **food waste collection** for each type of location? *Please check only one option for each location type.*

	Twice a week or more	Weekly	Biweekly	Monthly	Less than monthly	Other (please provide details below)	Not applicable	Not sure
Residential Single-family	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Residential Multi-family	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Commercial Multi-family	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

If you checked "other," please provide details here:

44. What are the typical container types offered for **food waste collection** at each type of location? Please select all that apply for each location type.

	Residential Single-family	Residential Multi-family	Commercial Multi-family	Hospitality	Small Businesses	Schools	Government Buildings	Public Spaces
Bags	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Carts	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Dumpsters	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Roll off Container	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
All Container Types	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Not applicable	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Not sure	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

45. Please provide the facility name, location (e.g., city name), and operator name for each **food waste processing facility** taking materials from the jurisdiction.

Food waste processing facility 1

Food waste processing facility 2

Food waste processing facility 3

Food waste processing facility 4

Food waste processing facility 5

46. Do your **food waste processors** accept the following packaging materials:

	Yes	No	Not sure
Compostable flexible packaging	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Compostable rigid plastics	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Paper packaging	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other (please provide details below)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

If you selected "other," please describe here.

47. Please provide any other information regarding how **food waste collection services** are provided in this jurisdiction.

Colorado EPR Needs Assessment Survey

SECTION 3D: Drop-off Sites

48. Do **residents** have access to any of the following waste management services for packaging and paper products through **drop off sites** within the jurisdictions or in a nearby jurisdiction? (Select all that apply)

	Trash	Recycling	Food Waste
Drop off site accessible IN jurisdiction	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Drop off site accessible OUTSIDE jurisdiction	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

49. Please provide the name, location, and operator for each **drop-off site** accessed by residents of this jurisdiction.

Drop-off site 1	<input type="text"/>
Drop-off site 2	<input type="text"/>
Drop-off site 3	<input type="text"/>
Drop-off site 4	<input type="text"/>
Drop-off site 5	<input type="text"/>

50. For each site, please indicate annual operating days plus days and hours open during summer and winter months. *Please answer in the same order as the previous question so the response here for "Drop-off site 1" matches the name you provided for "Drop-off site 1" in the previous question.*

Drop-off site 1	<input type="text"/>
Drop-off site 2	<input type="text"/>
Drop-off site 3	<input type="text"/>
Drop-off site 4	<input type="text"/>
Drop-off site 5	<input type="text"/>

51. What types of waste management services are provided at the drop off sites for packaging and paper products? *Please answer in the same order as the previous question so the response here for "Drop-off site 1" matches the "Drop-off site 1" referred to in the previous questions. Select all that apply.*

	Trash	Recycling	Food Waste	Other (please provide details below)
Drop-off site 1	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Drop-off site 2	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Drop-off site 3	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Drop-off site 4	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Drop-off site 5	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

If you checked "other," please briefly describe here.

Colorado EPR Needs Assessment Survey

SECTION 3D: Drop-off Sites (continued)

52. Are the following materials **accepted for recycling** by at least one of the **drop-off sites**?

	Yes	No	Not sure
High-Grade Office Paper (uncoated)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Newspaper, Newsprint	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Magazines and Other Coated Paper (e.g., catalogs)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Telephone Directories	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Tissue Paper (packaging)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Shredded Paper (bagged)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Corrugated Containers (except wax coated)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other Multi-Layer Kraft Packaging (e.g., paper padded mailers)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Single-Wall Kraft Packaging (e.g., grocery bags)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Paperboard Boxes and Packaging	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Molded Pulp Packaging, excluding Food Serveware (e.g., egg cartons, other protective packaging)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Paper Cups, Coated and Uncoated	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Gable-Top and Aseptic Cartons	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Pizza Boxes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Non-Metalized Gift Wrap	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

"Low grade" Printing
and Writing Paper
(e.g., bulk mail,
envelopes,
notebooks, cards)

Old Corrugated
Containers (OCC) -
wax coated

Molded Pulp Food
Serviceware (e.g.,
take-out
"clamshells")

Other Polycoated
Packaging (e.g.,
some freezer and
butter boxes, ice
cream containers)

Paper "cans" (spiral-
wound containers)
with steel ends

Napkins, tissues and
paper toweling

Paper laminates

Clear and Translucid
Green or Blue PET
Bottles, Jars and
Jugs

Colored Opaque PET
Bottles, Jars and
Jugs

Clear and Translucid
Green or Blue PET
Thermoform
Containers

Colored opaque PET
Thermoform
Containers

Natural HDPE
Bottles, Jars and
Jugs

Colored HDPE
Bottles, Jars and
Jugs

Other Polyethylene
(PE) Packaging
Except Pails and
Lids

Polypropylene (PP)
Packaging Except
Pails and Lids

White EPS

Other Expanded PS

Non-Expanded PS

PE Squeezable
Tubes (e.g.,
toothpaste,
lotions/sunscreens)

LDPE/PS/PP Colored
Nursery Containers
(e.g., pots, trays,
etc.)

Large HDPE & PP
Pails & Lids

PLA, PHA, PHB

Certified
Compostable Rigid
Packaging

Undetectable
Plastics (e.g., black
plastic)

Plastics less than 5
inches on at least 1
side

Plastics less than 2
inches on at least 1
side

LDPE/HDPE Film
(include monoPE
recycle compatible
pouches) Except
Pallet Wrap

PLA, PHA, PHB -
Plastic Film

PP Film (including
woven PP bags and
monoPP recycle
compatible pouches)

Multimaterial Films,
Non-monomaterial
Pouches, Other
Flexible Packaging

Pallet Wrap

PVC Film (e.g., linen
packaging, labels)

PET Film

Certified
Compostable Film

Steel Aerosol
Containers

Steel Containers

Aluminum Aerosol
Containers

Aluminum Food

Containers			
Other Aluminum Packaging (Foil and Foil Trays)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Aluminum - Beverage Containers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other Metal Packaging	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Clear Glass	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Colored Glass	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Ceramic, Porcelain, Pyrex and Other Infusible Glass Material	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Wood Containers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Rubber Packaging	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Textile Packaging	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Paint Containers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Motor Oil Containers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Solvent Containers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Pesticide Containers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Pressurized Cylinders (not including aerosols) (e.g., propane tanks, carbon dioxide cylinders)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Antifreeze Containers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
High-Grade Office Paper (uncoated)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Colorado EPR Needs Assessment Survey

SECTION 3D: Drop-off Sites (continued)

53. Please describe who utilizes the drop-off facilities: residents only from jurisdiction; residents from outside the jurisdiction; businesses, etc. Are there any restrictions on who can use the facilities?

54. Please provide any other information regarding the use of drop-off facilities for packaging and paper products in the jurisdiction (e.g., sites open for one-off events).

Colorado EPR Needs Assessment Survey

SECTION 3E: Litter Management

As a reminder, the recycling questions in this survey are referring to the packaging and paper products covered by Colorado's EPR legislation unless otherwise specified. If it is helpful, you may want to think about the products typically collected in single-stream and dual-stream recycling programs when answering.

55. Is recycling collected from the following outdoor public spaces?

	Yes	No
Streets and side walks	<input type="radio"/>	<input type="radio"/>
Plazas and town squares	<input type="radio"/>	<input type="radio"/>
Locally owned parks, forests, beaches	<input type="radio"/>	<input type="radio"/>
Other state owned or local government land open for recreation	<input type="radio"/>	<input type="radio"/>

56. Please provide any other information regarding litter management services provided in the jurisdiction (e.g., litter management by voluntary organizations or state departments).

SECTION 3F: Voluntary Programs

57. Please provide details about any **voluntarily run recycling collection programs** in the jurisdiction (e.g., type, material coverage, name, location, contact details, etc.).

Colorado EPR Needs Assessment Survey

SECTION 3G: Additional Information

58. Please provide any other information or clarifications regarding descriptions of the services we asked about in this section of the survey.

59. Is there information you would like to upload relating to the questions we asked in this section? If you have more than one file to share you may also email them to EPRNeedsAssessment@eunomia-inc.com.

Only PDF, DOC, DOCX files are supported. You may send other file types to EPRNeedsAssessment@eunomia-inc.com.

Colorado EPR Needs Assessment Survey

SECTION 4: SERVICE PERFORMANCE DATA

This section contains ~17 questions.

SECTION 4A: Recycling

As a reminder, the recycling questions in this survey are referring to the packaging and paper products covered by Colorado's EPR legislation unless otherwise specified. If it is helpful, you may want to think about the products typically collected in single-stream and dual-stream recycling programs when answering.

62. What is the **total number of tons** of **recyclable materials** collected via **curbside** 2021 and 2022?

2022	<input type="text"/>
2021	<input type="text"/>

63. Approximately what percentage (%) of the **curbside recycling** indicated above is collected from the following locations? *Responses should add up to 100.*

Residential Single-family units	<input type="text"/>
Residential Multi-family units	<input type="text"/>
Commercial Multi-family units	<input type="text"/>
Hospitality	<input type="text"/>
Small businesses	<input type="text"/>
Schools	<input type="text"/>
Government Buildings	<input type="text"/>
Public Spaces	<input type="text"/>

64. What is the **total number of tons** of **recyclable materials** collected via **drop-off sites** in 2021 and 2022?

2022	<input type="text"/>
2021	<input type="text"/>

65. Approximately what percentage (%) of the **drop-off recycling** indicated above is collected from the following locations? *Responses should add up to 100.*

Residential Single-family units	<input type="text"/>
Residential Multi-family units	<input type="text"/>
Commercial Multi-family units	<input type="text"/>
Hospitality	<input type="text"/>
Small businesses	<input type="text"/>
Schools	<input type="text"/>
Government Buildings	<input type="text"/>
Public Spaces	<input type="text"/>

66. Are the tonnages and percentages reported above collected through municipal provided services, private haulers, or by a combination? Please explain.

67. Please provide details, if available, of the amount of recycling collected in 2022 and 2021 by material (e.g., plastic, glass, mixed paper, PET plastic, HDPE plastic)? Please indicate if this is collected tonnage or tonnage that leaves a MRF. We understand different jurisdictions may have different categories of data. Please upload this information if that is easier.

68. Are there any seasonal variations to recycling collection? If so, please describe them here.

69. Do you have access to further detailed information on total amounts of recycling collected by different service providers, or potentially different locations used by the jurisdiction. (If yes, we may follow up to request further information).

- Yes
- No

70. Please provide an estimate of the level of contamination (%) in **curbside recycling** from the following locations.

Residential Single-family units

Residential Multi-family units

Commercial Multi-family units

Public Spaces

Colorado EPR Needs Assessment Survey

SECTION 4B: Trash

71. What is the **total number of tons** of trash collected via **curbside and drop off** locations in 2021 and 2022?

Total collected by curbside trash services, tons in 2022

Total collected by curbside trash services, tons in 2021

Total trash collected at drop-off sites, tons in 2022

Total trash collected at drop-off sites, tons in 2021

72. Approximately what percentage (%) of this **curbside trash** is collected from the following locations? *Responses should add up to 100.*

Residential Single-family units

Residential Multi-family units

Commercial Multi-family units

Hospitality

Small businesses

Schools

Government Buildings

Public Spaces

73. Approximately what percentage (%) of the **drop-off trash** indicated above is collected from the following locations? *Responses should add up to 100.*

Residential Single-family units

Residential Multi-family units

Commercial Multi-family units

Hospitality

Small businesses

Schools

Government Buildings

Public Spaces

74. Are the tonnages and percentages reported above collected only by municipal provided services, by private haulers, or by a combination? Please explain.

75. Are there any seasonal variations to trash collection? If yes, please describe.

76. Do you have access to further detailed information on total amounts of trash collected by different service providers, or potentially different locations used by the jurisdiction? (If yes, we may follow up to request further information).

Yes

No

Colorado EPR Needs Assessment Survey

SECTION 4C: Food Waste

77. What is the **total number of tons** of **food waste** collected via **curbside and drop-off** locations in 2021 and 2022?

Total food waste collected by curbside compost services, tons in 2022

Total food waste collected by curbside compost services, tons in 2021

Total food waste collected at drop-off sites, tons in 2022

Total food waste collected at drop-off sites, tons in 2021

78. Please add any further clarification about the above tonnages in the text box below. For example, if food waste and yard waste are collected together and the above tonnages reflect both, please note that.

79. Approximately what percentage (%) of this **food waste** is collected from the following locations at **curbside**? *Responses should add up to 100.*

Residential Single-family units

Residential Multi-family units

Commercial Multi-family units

Hospitality

Small businesses

Schools

Government Buildings

Public Spaces

80. Approximately what percentage (%) of this **food waste** is collected from the following locations at **drop-off**? *Responses should add up to 100.*

Residential Single-family units

Residential Multi-family units

Commercial Multi-family units

Hospitality

Small businesses

Schools

Government Buildings

Public Spaces

81. Do you have access to further detailed information on total amounts of food waste collected by different service providers, or potentially different locations used by the jurisdiction. (If yes, we may follow up to request further information).

Yes

No

82. Are there any seasonal variations to food waste collection? If so, please describe them here.

Colorado EPR Needs Assessment Survey

SECTION 4E: Additional Service Performance Information

83. Please provide any additional information on **recycling, trash, or food waste service performance** data below:

84. If you would like to upload any recycling, trash, or food waste collection **service performance data**, you may do so here. If you have more than one file to share you may also email them to EPRNeedsAssessment@eunomia-inc.com.

Only PDF, DOC, and DOCX file types are supported by this upload feature. You may send other file types via email.

SECTION 5: SERVICE COSTS

This section contains ~13 questions.

87. How are residential waste management services paid for in the jurisdiction?

- Household subscription directly with service provider
- Pay as you throw (PAYT)
- Property tax
- Utility rate
- Other (please specify)

88. How are **curbside services** priced and paid for in this jurisdiction? Select what is the most common.

- Trash, recycling and food waste itemized separately
- Bundled rate (one price for all streams collected)
- Other (please specify)

89. Is the cost for collection separately itemized from the cost of disposal or transfer and MRF sorting?

- Yes, separately itemized for recycling
- Yes, separately itemized for trash
- No, all costs in included for recycling (i.e., collection, transfer and sorting)
- No, all costs in included for trash (i.e., collection, transfer and disposal)

90. What is the average fee for **curbside recycling collection** where service is **provided and paid separately**? Please provide the monthly cost per household. If different rates are provided for different housing types (single family vs multi-family) and different frequencies of collection, please include the different rates. If there are different rates for different size carts based on pay as you throw (PAYT) please include the medium cart size or all rates.

91. What is the average fee for curbside **trash collection** where service is **provided and paid separately**? Please provide the monthly fee per household. If different rates are provided for different housing types (single family vs multi family) and different frequencies of collection please include the different rates. If there are different rates for different size carts, please include the medium sized cart size (e.g., 64 gallon).

92. What is the average fee of **curbside recycling and trash collection** where services are **bundled**? Please provide the monthly cost per household. If different rates are provided for different housing types (single family vs multi-family) and different frequencies of collection, please include the different rates. If there are different rates for different size carts based on pay as you throw (PAYT) please include the medium cart size or all rates.

93. What is the average fee of **curbside recycling and trash collection** where services are **bundled**? Please provide the monthly cost per household. If different rates are provided for different housing types (single family vs multi-family) and different frequencies of collection, please include the different rates. If there are different rates for different size carts based on pay as you throw (PAYT) please include the medium cart size or all rates.

94. How have per household curbside trash and recycling fees changed over the last 3 years? Please indicate the percentage change in fees, if applicable, and the reason(s) for the change.

95. What is the mechanism and cost for households to pay for the use of drop off facilities in your jurisdiction?

96. Does the jurisdiction offer any type of payment assistance program to eligible residents? If yes, please provide details.

Colorado EPR Needs Assessment Survey

SECTION 5: SERVICE COSTS (continued)

As a reminder, the recycling questions in this survey are referring to the packaging and paper products covered by Colorado's EPR legislation unless otherwise specified. If it is helpful, you may want to think about the products typically collected in single-stream and dual-stream recycling programs when answering.

97. What are the average **tipping fees** per ton of **recycling** at the MRF(s) serving your jurisdiction?

98. What are the average **tipping fees** per ton of **recycling** at the **transfer stations** serving your jurisdiction?

99. What are the average **tipping fees** per ton for food waste/food waste with yard waste at **compost facilities** serving your jurisdiction? Please differentiate tipping fees by material type (yard and food waste vs food waste).

100. What are the average **tipping fees** per ton for **disposal facilities** serving your jurisdiction?

101. Please provide any additional information or clarification regarding service costs.

102. If you would like to upload any files with information related to **service costs**, you may do so here. If you have more than one file to share you may also email them to EPRNeedsAssessment@eunomia-inc.com.

Only PDF, DOC, and DOCX file types are supported by this upload feature. You may send other file types via email.

SECTION 6: EDUCATION AND ENGAGEMENT

This section contains 8 questions.

105. Do you have recycling coordinators in this jurisdiction?

Yes

No

106. How many full-time employees (FTEs) are dedicated to recycling? If a staff member spends part of their time as a recycling coordinator, enter as a fraction (for example, a staff member who spends half their time on recycling efforts would be listed as 0.5). If the jurisdiction does not have a recycling coordinator enter 0.

107. Which of the following recycling and trash education has been provided to residents in the last 2 years? Select all that apply.

- Printed calendar
- Printed education delivered or mailed to households
- Updated materials on website
- Social media campaigns
- Lid lift education
- In-person events
- Email and/or text reminders
- Educational waste and recycling apps
- Newspaper ads
- Radio ads
- TV ads
- Outdoor signage such as billboards
- School tours and presentations
- Other (please specify)

108. What is the annual spending on solid waste management related to education? Cost can be described as cost per household or total cost.

Cost per household
(residential single-
family)

Cost per household
(residential multi-
family)

Cost per household
(commercial multi-
family)

Total cost

109. Where do you obtain solid waste and recycling educational materials? Select all that apply.

- Developed in-house
- Partner with national organizations (e.g., The Recycling Partnership)
- Partner with local recycling organizations (e.g., Recycle Colorado, Colorado SWANA, EcoCycle, CDPHE)
- Other (please specify below)
- Do not provide recycling education

If you selected "other," please describe here.

110. Do you provide recycling education in multiple languages?

- Yes
- No
- Do not provide recycling education

111. If you answered "yes," in which languages do you provide recycling education?

112. Please provide any additional information or clarification regarding **recycling education**.

113. If you would like to upload any files with information related to **recycling education**, you may do so here. If you have more than one file to share you may also email them to EPRNeedsAssessment@eunomia-inc.com.

Only PDF, DOC, and DOCX file types are supported by this upload feature. You may send other file types via email.

SECTION 7: REUSE

This section contains 2 questions.

116. Provide details on any **packaging reuse programs** that are currently operating in the jurisdiction. Please include the the type of packaging covered (e.g., reusable food packaging), the company/organization managing the program, locations involved, etc.).

117. Are there any people or organizations focused on **packaging reuse** in your jurisdiction that would be able to provide details about current or planned reuse efforts? If so, please provide their names and, if possible, contact information.

Colorado EPR Needs Assessment Survey

SECTION 8: FINAL QUESTIONS

This section contains 2 questions.

118. Please describe if you have any immediate or long-term plans to change waste management service levels.

119. Is there any other information you would like to share and upload? Please upload any studies such as waste composition audits or annual plans. If you have more than one file to share, you may also email them to EPRNeedsAssessment@eunomia-inc.com.

Only PDF, DOC, and DOCX file types are supported by this upload feature. You may send other file types via email.
