

RCCC 2019 Work Plan, Timing

1. Policy:
 - a. Drive STA Requirements for Cities -- Commercial and Residential - Q1,2,3,4
 - b. Continue to pursue state policy options to include re-purchase requirements related to diversion volumes generated by the individual entity, state-wide organics management plan, and carbon credit options.
 - c. Hire Intern Researcher to: - Q1
 - i. Research and define key contacts in City, County, etc., needed to implement required compost use requirements for commercial / residential
 - d. Prioritize and contact identified key contacts and establish plan and timeline for implementation (Council Members) - Q1-Q4
2. Hire Limited Time Allocation Contractor for Membership Drive (see attached SOW) - Q1- Q4
3. Hold Two Regulator Education events, one at the RC Summit in June as a RCCC sponsored event - Q2 and Q4.
 - a. Look at WORC template, may need facilitator, space
 - b. Goal: 10 attendees for first event, such as CDPHE, CDA, COGCC, City, County/Planning personnel.
 - c. Recommend that these many of these people go through CCOM, CCP (advertise / invite to enroll) with USCC (RC to receive percentage of revenue from USCC)
4. Support 2018 RC Summit's Stakeholder Working Group (possibly 2 meetings) – Q1 & Q2
 - a. Invite CCI, CML, County Commissioners, and Planning Staff to these events.
5. Update RCCC communication tools – Q1 & Q2
 - a. Website and Website landing page
 - b. Printed material
6. Schedule an Operator Training (generates revenue) event in Colorado in 2020 – Q2
 - a. Talk to USCC / CCREF about committing to 2020 training in Colorado.
